Jan 31:	CSJ BINGO 2:00p.m.A

Christmas Light Tour

Thank you to those that were a part of the Annual Christmas Light Tour with Kelly Socia. From the feedback we received it was a great tour! We hope you enjoyed it and we look forward to doing it again in the future.

Facts About Snow's Day

- Ancient Romans gave New Year's gifts of eggs, representing fertility and productivity.
- The first ball dropping celebration atop One Times Square was held on December 31, 1907.
- The original New Year's Eve Ball weighed 700 pounds and was five feet in diameter. It was made of iron and wood and was decorated with 100 25-watt light bulbs.
- November 11, 2008 - A "new" New Years Eve ball is introduced. The ball is a geodesic sphere, 12 feet in diameter and weighing 11,875 pounds. It is built to withstand high winds and fluctuating temperatures. Waterford Crystal introduces a different pattern for each New Year's celebration.

Happy New Year's from E.P.
Management Corporation!
